

Fence Posts

We offer a variety of fence post options and species, giving you the options to build the appearance that you are looking for.

ACQ Fence Posts

ACQ is a water-based wood preservative that prevents decay from fungi and insects (i.e., it is a fungicide and insecticide). Water-based preservatives like ACQ leave a dry, paintable surface.

Cedar Fence Posts

Our Western Red Cedar Fence Posts are available in either Rough Sawn (RS) or S4S millings and come in either 8' or 10' lengths. We offer all standard post dimensions up to 12", or larger if custom sizes are needed.
